Special Notice: 45/2026-27 27.10.2026

Dear Parents / Guardians,

Consent for Student Participation in Evaluation of the JC GoAI

Our school has joined the JC GoAI Project to empower teaching and learning by fostering students' generative AI literacy and capabilities, helping them creatively innovate across disciplines and prepare for future global demands.

As part of this initiative, our students are invited to participate in the project's evaluation during regular lesson(s). The evaluation include short pre- and post-surveys and AI literacy quizzes to assess their learning progress, with no impact on normal teaching. All collected data will remain strictly confidential and anonymized.

For full details regarding the evaluation scope and data handling practices, please refer to the attached document.

Action Required:

- Please complete and sign the e-Notice reply slip by 06 November 2026.
- To decline consent: Select "do not consent" on the reply slip and send your opt-out request via email to jcgoai-evaluation@cuhk.edu.hk by 06 November 2026.

Should you have any enquiries, please feel free to contact Ms FU (Deputy Headmistress) at 2386 8049.

Thank you very much for your kind support and co-operation.

Consent Form for Parent/Guardian

Invitation to Participate in Evaluation of the JC GoAI

Dear Parent/Guardian,

Thank you for your support to the JC GoAI (the Project). The Project aims to cultivate students' literacy and capabilities in generative AI by providing teaching and learning resources and enabling them to creatively innovate across disciplines through the wise use of technology, thereby better preparing them for future workplace demands and social needs.

We would like to invite your child to actively participate in the following evaluations. He/she will:

a) Complete pre- and post-surveys to evaluate their perceptions of learning about AI and using GenAI to support their learning.
b) Take pre- and post-AI literacy quizzes to assess their general understanding of key AI concepts.
c) Participate in 20- to 30-minute audio-recorded pre- and post-interviews to share their views and learning experiences with AI and GenAI-assisted learning (selected students only).

No foreseeable risks or discomforts are expected from participating in the project. We have made arrangements with the participating teacher so that this research will not affect the learning pace of regular teaching. The classes will be conducted as the school deems fit without any obligation to attend to any researchers' demands. We hope that your child's/children's participation in this research project will provide valuable experience in learning about AI and using AI tools to support their learning.

All data collected in this study will be anonymized and stored on password-protected computers or networks, accessible only to research team members. To ensure personal confidentiality, research data containing participant identifiers will be stored separately from the original questionnaires and raw audio recordings. All data will be retained for five years following the publication of related literature, after which it will be permanently destroyed.

Participation in this study is strictly voluntary. You and your child/children have the right to review your interview recordings and questionnaire responses at any time, and may request the deletion of partial or all data. Furthermore, you may choose to withdraw from the study at any time and request the deletion of all records collected from you and your child/children. This decision will not result in any adverse consequences.

We would be most grateful for your participation in this meaningful research study. **No action is required if you wish to participate.** However, if you do NOT wish to give consent, please send your request to jcgoai-evaluation@cuhk.edu.hk by 06 November 2026.

Thank you very much for your kind assistance.

Yours sincerely,
C. S. Chai
