To : Parents / Guardian,

Chinese Names designated for all students

To enhance the use of Chinese in Chinese Language lessons, each student will be given a Chinese name by teachers. The names are based on the transliteration of the students' original/English names. Teachers follow a number of traditional naming conventions. Most noticeably, the family name first and the given name (two characters) next. Teachers try to give the names which are rich in their connotation. Attached please find the name of your child. If parents would prefer an alternative Chinese name, please write it on the reply slip.

Thank you for your attention!
