School Notice: 27/2024-25

25.3.2025

To: Parents / Guardians of students concerned,

Use of AI Sports Equipment and Sports e-learning Platform

In line with the recommendations of the World Health Organization (WHO) and the Education Bureau (EDB) that children and adolescents aged 5-17 should accumulate at least 60 minutes of moderate-to-vigorous physical activity (MVPA60) per day on average per week, our school actively promotes a sports atmosphere in school and develops an active and healthy lifestyle.

An AI Smart Sports System was purchased which will be employed on the activities in both inside and outside classroom such as rope skipping, jumping jacks, standing long jumps, standing high jumps, high leg raises and squats, etc.

Additionally, the AI Smart Sports System can analyze exercise posture through real-time and updated rankings for the active recess activities. It can help students increase their physical activity and interest in sports, and to review their learning effectiveness, and develop their self-directed learning ability. We would like to obtain your consent that **Schools and supplier companies will use students' data (Name, Class & Class no.), photos, and videos for educational purposes only.**

Respect the privacy of individuals

1. The supplier company is committed to protecting and respecting the privacy of users whose data is collected through the installed AI sports equipment. All collected data records will only be used for activity data analysis and improving the sports experience for students. They will not be used for commercial purposes, disclosed to third parties, or used for any public announcements or promotional activities involving school users' information.
2. All data collected for the specified purpose will be destroyed or disposed of upon completion of use.

Please complete the reply slip and return it to the class teacher on or before 1.4.2025 (Tuesday). Should you have any enquiries, please feel free to contact Ms Kwok Wing-yiu at 2386 8049.

Thank you for your attention.
